

Local Green Spaces in the South Downs National Park

**An evaluation of nominated Local Green Spaces for
designation in the South Downs Local Plan Review
(Provisional Findings)**

October 2024

I. Introduction

- I.1 A local green space, or “LGS”, can only be designated in a local plan or a neighbourhood development plan. The designation is used as a tool to provide special protection for green areas which are demonstrably special, and of particular importance, to local communities.
- I.2 This report provides an update to a previous report of the same name published in September 2017. The previous report was prepared to support the first South Downs Local Plan which was later adopted in July 2019. This updated report has been prepared to support the review of Policy SD47 (Local Green Spaces) in the emerging South Downs Local Plan Review. At the time of writing, it is anticipated that the local plan review will be subject to a Regulation 18 public consultation in early 2025, followed by further consultation and examination in 2026, and adoption in 2027.
- I.3 This report, like its predecessor, outlines the process taken in the evaluation of green areas nominated by local communities for consideration as local green spaces in the emerging South Downs Local Plan Review. In doing so, this updated report sets out the national and local planning policy context, before then explaining the methodology used by the South Downs National Park Authority (the “Authority”) to evaluate the nominated green areas. The provisional findings of this report have been used to inform the South Downs Local Plan Review Regulation 18 document. A full list of the green areas nominated, and their evaluations, are in Appendices 1 and 2, whilst their locations are mapped per settlement in Appendix 3.

2. South Downs National Park Background

- 2.1 The National Parks & Access to the Countryside Act 1949 (“the 1949 Act”) enabled the creation of National Parks to ensure that the country’s most beautiful and unique landscapes would continue to be protected for the future. The 1949 Act, as amended by Section 245 of the Levelling Up & Regeneration Act 2023, requires all relevant authorities to seek to further the following statutory purposes¹ for National Parks in England:
- **Purpose 1:** To conserve and enhance the natural beauty, wildlife and cultural heritage of the area; and
 - **Purpose 2:** To promote the opportunities for the understanding and enjoyment of the special qualities of the National Park by the public.
- 2.2 The Government has also placed a corresponding social and economic duty upon National Park Authorities in pursuit of the two statutory purposes:
- **Duty:** To seek to foster the social and economic wellbeing of the local communities within the National Park in pursuit of our purposes.
- 2.3 The South Downs National Park was designated as a National Park on 31 March 2010 in recognition of its landscapes and scenic beauty. The South Downs National Park Authority (“the Authority”) was established on 01 April 2011. As the local planning authority for the South Downs National Park, the Authority is required to prepare a local plan to provide a positive vision for, and address local development needs and priorities in, the South Downs National Park over the next 15 years.

¹ If there is a conflict between the purposes, then the “Sandford Principle” must be applied whereby greater weight is given to Purpose 1 over Purpose 2 and the Duty.

3. Planning Policy Context

National Planning Policy Framework (NPPF)

- 3.1 The National Planning Policy Framework (NPPF) was published in 2012 and has been amended a handful of times; the most recent iteration is dated December 2023. The NPPF sets out the Government's planning policies for England and how these are expected to be applied.
- 3.2 The NPPF states that the purpose of the planning system is to contribute to the achievement of **sustainable development**. At a high level, this can be summarised as meeting the needs of the present without compromising the ability of future generations to meet their own needs. In achieving sustainable development, the NPPF highlights three overarching and interdependent objectives, which need to be pursued in mutually supportive ways. The three objectives are **economic, environmental and social**. The latter is relevant for the purposes of this report and NPPF Paragraph 8b explains that the social objective is:
- To support strong, vibrant and healthy communities, by ensuring that a sufficient number and range of homes can be provided to meet the needs of present and future generations; and by fostering well-designed, beautiful and safe places, with accessible services and open spaces that reflect current and future needs and support communities' health, social and cultural wellbeing. [Emphasis added].
- 3.3 The first iteration of the NPPF introduced the concept of local green space designation. As per the most recent iteration, NPPF Paragraphs 105 and 107 explain that local green space designation, through a local plan or neighbourhood development plan, can allow communities to identify and protect green areas of particular importance to them. Once designated, policies for managing development within a local green space should be consistent with those for Green Belts and would, therefore, rule out development other than in "very special circumstances". Moreover, local green space designation should be consistent with the local planning of sustainable development; complement investment in sufficient homes, jobs and other essential services; and be capable of enduring beyond the end of the plan period.
- 3.4 It is important to note that not all green areas will be suitable for formal designation as a local green space. NPPF Paragraph 106 explains that local green space designation should only be used where the green area is:
- a) In reasonably close proximity to the community it serves; and
 - b) Demonstrably special to a local community and holds a particular local significance, for example because of its beauty, historic significance, recreational value (including as a playing field), tranquillity or richness of its wildlife; and
 - c) Local in character and is not an extensive tract of land.

Planning Practice Guidance (PPG)

3.5 The Planning Practice Guidance (PPG) provides further advice, guidance and information about how to interpret and implement the NPPF and is subject to regular amendments. In terms of local green space designation, the PPG addresses many common questions, particularly in relation to what sort of green areas would be suitable for designation, and what the designation means in practice. The PPG can be found online at:

Planning Practice Guidance (PPG) on open space, sports, recreational facilities, public rights of way, and local green space: <https://www.gov.uk/guidance/open-space-sports-and-recreation-facilities-public-rights-of-way-and-local-green-space>

3.6 The following PPG paragraphs (as accessed above and summarised below) are of relevance for the evaluation of green areas nominated for local green space designation:

- **Paragraph 005** (ref. 37-005-20140306) – What is a local green space designation? A local green space designation is a way to provide special protection against development for green areas of particular importance to local communities.
- **Paragraph 006** (ref. 37-006-20140306) – How is land designated as a local green space? A local green space can only be designated in a local plan or a neighbourhood development plan.
- **Paragraph 007** (ref. 37-007-20140306) – How does local green space designation relate to development? Designation needs to be consistent with local planning for sustainable development in the area, and designation should not be used in a way that undermines this aim of plan-making.
- **Paragraph 008** (ref. 37-008-20140306) – What if land has planning permission for development? Designation will rarely be appropriate where the land has planning permission for development. Exceptions could be where the development would be compatible with the reasons for designation or where planning permission is no longer capable of being implemented.
- **Paragraph 011** (ref. 37-011-20140306) – What if land is already protected by existing designations? Different types of designations are intended to achieve different purposes. If land is already protected by designation (such as a National Park, Area of Outstanding Natural Beauty, Site of Special Scientific Interest, Scheduled Monument, or conservation area etc.), then consideration should be given to whether any additional local benefit would be gained by designation as a local green space.
- **Paragraph 013** (ref. 37-013-20140306) – What types of green area can be identified as local green space? Designation is a matter for local discretion. For example, green areas could include land where sports pavilions, allotments, boating lakes or structures (such as war memorials) are located, or urban spaces that provide a tranquil oasis.
- **Paragraph 014** (ref. 37-014-20140306) – How close does a local green space need to be to the community it serves? Proximity to the community will depend on local circumstances, including why the green area is seen as special. For example, if public access is a key factor, then the site would normally be within easy walking distance.

- **Paragraph 015** (ref. 37-015-20140306) – How big can a local green space be? There are no rules about how big a local green space can be because places are different, and a degree of judgement will inevitably be needed. However, the NPPF is clear that designation should only be used where the green area is not an extensive tract of land. Consequently, blanket designations of open countryside adjacent to settlements will not be appropriate. Designation should not be proposed as a “back door” way to try to achieve what would amount to a new area of Green Belt by another name.
- **Paragraph 016** (ref. 37-016-20140306) – Is there a minimum area? Provided land can meet the NPPF tests / criteria, there is no lower size limit for a local green space.
- **Paragraph 017** (ref. 37-017-20140306) – What about public access? Green areas may already have unrestricted public access. However, other land could be considered for designation even if there is no public access (e.g. valued because of wildlife, historic significance and/or beauty). Designation does not in itself confer any rights of public access over what exists at present. Any additional access would be a matter for separate negotiation with landowners, whose legal rights must be respected.
- **Paragraph 018** (ref. 37-018-20140306) – What about public rights of way? Green areas may be crossed by public rights of way. There is no need to designate linear corridors simply to protect rights of way as these are already protected under other legislation.
- **Paragraph 019** (ref. 37-019-20140306) – Does land need to be in public ownership? A local green space does not need to be in public ownership. However, the local planning authority or qualifying body should contact landowners at an early stage about proposals to designate any part of their land as local green space. Landowners will have opportunities to make representations in respect of proposals in a draft plan.
- **Paragraph 020** (ref. 38-20-20140306) – Would designation place any restrictions or obligations on landowners? Designation would give a green area protection consistent with that in respect of Green Belt, but otherwise there are no new restrictions or obligations on landowners.

4. South Downs Local Plan & Previous Nominations

- 4.1 The previous report evaluated **116 nominations for 81 green areas**. Of these, 35 were designated as local green spaces through the adoption of Policy SD47 (Local Green Spaces), in the South Downs Local Plan, on 02 July 2019. The evaluations of the 81 green areas have been carried forward in Appendices 1 and 2. Please note, the reference numbers have been updated to include the year of evaluation and a three-digit code. For example, “LGS1” from the previous report has now become “LGS17-001” in this updated report.
- 4.2 Previous local green space nominations and designations have, in general, not be reassessed through this updated report as they have already been subject to public consultation and Examination in Public. The only exceptions are where new information has been received since the adoption of the South Downs Local Plan. The new information and how it has been considered is set out below.

Local Green Spaces in “Made” Neighbourhood Development Plans.

- 4.3 Information received in relation to existing local green spaces which are designated in “made” neighbourhood development plans has not been considered further in this updated report because these local green spaces have been assessed by the respective qualifying body and found sound by an Examiner. If a landowner, site promoter, resident or other party has an issue with a designated local green space in a “made” neighbourhood development plan, then the party should make a representation to the relevant qualifying body during any future review of the respective neighbourhood development plan. In terms of information received in relation to designated local green spaces in the Adopted South Downs Local Plan, the new information has been considered further as set out below.

LGS17-008 – Dowlings Little Mead & Church Meadow, Selborne.

- 4.4 The green area was recommended for local green space designation in the previous report. The proposed designation was included on the Inspector’s agenda during the Examination in Public in December 2018. At this time, no objectors confirmed their intention to speak, and no position statement was submitted. Following Examination, the Inspector did not propose the deletion or amendment of any proposed local green space designations in their final report and main modification schedule. As such, the green area was formally designated as a local green space through the adoption of the South Downs Local Plan in July 2019.
- 4.5 The green area was originally nominated in its current form on the basis that it once formed part of a continuous landscape stretching from the ninth century St Mary’s Church. However, the original nomination refers to “two meadows” and upon further investigation of the Land Registry, Selborne Local Landscape Character Assessment, and Adopted Selborne Village Design Statement – the latter two include historic mapping from 1842 - the Authority is of the view that the green area comprises two land parcels which should now be assessed separately for consideration as local green spaces. The green area has been divided into:
- LGS24-103 – Church Meadow, Selborne; and
 - LGS24-104 – Dowlings Little Mead, Selborne.

LGS17-012 – Culvercroft (Burlands Field), Selborne.

- 4.6 The green area was referred to as “Burlands Field or Culverscroft” in the previous report. The adoption of the Selborne Village Design Statement in April 2024, and the representations received during its preparation, clarified that the green area is known as either Burlands Field and Culvercroft. The green area’s designation as a local green space remains unchanged however, to align with the adopted village design statement, the green area has been renamed to “Culvercroft (Burlands Field)”.

LGS17-076 – Tide Mills, Mill Drove, Seaford.

- 4.7 The green area was recommended for local green space designation in the previous report but was omitted from South Downs Local Plan Policy SD47 on the understanding that it would be taken forward in the Seaford Neighbourhood Development Plan (NDP). Nevertheless, a much larger green area was proposed in the submission version of the Seaford NDP under Policy SEA8 (Site 10). This larger green area was considered to be an extensive tract of land and so was removed by the Examiner in December 2019 before the Seaford NDP was made in February 2020. Prior to this, planning permission (ref. SDNP/19/00921/FUL) was granted in July 2019 (now expired) to Network Rail for the closure of the pedestrian level crossing and the erection of a pedestrian overbridge – with walkways on elevated approaches and earth embankments – on the smaller green area evaluated in the previous report. The officer’s report highlighted the (then) proposed larger green space designation in the submission version of the Seaford NDP; however, the proposal was still considered to be acceptable given the proposed ecological, recreational, and safety enhancements. The green area has been included on the South Downs Local Plan Policies Map in error. It is important to note that the Policies Map is used to explain policy wording and cannot form policy on its own. Moreover, given all the above and the fact that the green area has not been re-nominated for local green space designation, the green area has not been re-evaluated in this updated report.

LGS17-079 – Seaford Head Golf Course, Seaford.

- 4.8 The green area was incorrectly referenced on the Seaford Settlement Map in Appendix 2 of the previous report. This mapping error has been corrected; however, the conclusion to reject the green area from designation as a local green space remains unchanged.

LGS17-080 – Seaford Golf Club, Seaford.

- 4.9 The green area was incorrectly referenced on the Seaford Settlement Map in Appendix 2 of the previous report. This mapping error has been corrected. The previous conclusion to reject the green area from designation as a local green space has been challenged on the basis that there is a well-used bridleway which runs through the golf course, providing a picturesque route and views to access the South Downs from North Seaford. It was also proposed that the green area has a rich wildlife habitat. The above points have been taken into consideration. However, the conclusion to reject the green area from designation as a local green space remains unchanged as the bridleway is already protected under other legislation (see PPG Paragraph 018); no evidence has been submitted to support the proposition that the site has a rich wildlife habitat; and the green area remains an extensive tract of land in its own right.

5. South Downs Local Plan Review & New Nominations

- 5.1 The South Downs Local Plan Review commenced in May 2022. In accordance with NPPF Paragraph 33, policies in local plans should be reviewed to assess whether they need to be updated at least once every five years and should then be updated as necessary. This updated report has been prepared to support the South Downs Local Plan Review, which is anticipated for adoption in 2027, following public consultation and examination between 2025 and 2026, as per the South Downs Local Development Scheme (Eighth Edition):

<https://www.southdowns.gov.uk/planning-policy/south-downs-local-plan-review/local-development-scheme/>

- 5.2 The Authority carried out a “Call for Local Green Spaces” between 10 August 2022 and 28 September 2022 to provide local communities with an opportunity to nominate new green areas for consideration as local green spaces. Nominations received after the closing date were still accepted and, in total, the Authority received **109 nominations for 102 green areas**. The following sections set out the methodology used to evaluate the 102 newly nominated green areas, as well as the re-evaluation of Church Meadow and Dowlings Little Mead (see Section 4 above). All previously and newly nominated green areas are listed, evaluated and mapped in Appendices 1, 2 and 3 respectively.

6. Methodology

6.1 The criteria set out in Section 3 (Planning Policy Context) form the basis for the evaluation of the 102 newly nominated green areas, and the re-evaluation of Church Meadow and Dowlings Little Mead. In doing so, a two-stage process has been undertaken in this evaluation: an initial desktop review or “first sieve” (Stage 1), followed by a detailed evaluation (Stage 2). The methodology is explained further below.

Stage 1: Initial Desktop Review (“First Sieve”)

6.2 The first stage of this evaluation involves an initial desktop review of the new nominations against six initial criteria. The purpose is to identify and exclude any green areas which are clearly not suitable for local green space designation. The six initial criteria are:

1. The green area is outside the boundary of the South Downs National Park;
2. The green area already has planning permission for development [*PPG Paragraph 008*];
3. The green area is already designated as a local green space;
4. The green area is not submitted for consideration as a local green space;
5. The green area forms part of the public highway as defined by Highways Act 1980; and
6. The green area is allocated or identified for a particular use in a Minerals and/or Waste Local Plan, the Adopted South Downs Local Plan, or a “made” Neighbourhood Development Plan [*PPG Paragraph 007*].

6.3 In terms of Initial Criteria 5, green areas which form part of the public highway (i.e., road verges), as defined by the Highways Act 1980, are not considered to be appropriate for local green space designation. This is because:

- Such areas are unlikely to fulfil the criteria set out in NPPF Paragraph 106;
- Such areas, if important, may be subject to more appropriate designations (i.e., road verges of historic significance may be included in conservation areas); and/or
- Such areas may be needed for necessary highway (and other infrastructure) works and, therefore, would not be capable of enduring beyond the plan period as set out in NPPF Paragraph 105.

Stage 2: Detailed Evaluation

6.4 The second stage of this evaluation involves analysis of the remaining green areas through a further desktop review, analysis of information submitted, and site visits. In doing so, this stage focuses on the following criteria as set out in NPPF Paragraph 106:

- The green area is in reasonably close proximity to the community it serves;
- The green area is local in character and is not an extensive tract of land; and
- The green area is demonstrably special to the local community and holds a particular local significance, for example because of its beauty, historic significance, recreational value (including as a playing field), tranquillity, or richness of its wildlife.

The green area is in reasonably close proximity to the community it serves.

- 6.5 There is no clear definition in the NPPF or PPG about what constitutes “*reasonably close proximity to the community*”. As noted in Section 3 (Planning Policy Context), PPG Paragraph 014 explains that, if public access is a key factor, then the site would normally be in easy walking distance of the community it serves. Locality (2021) and the Open Space Society (2022) both explain that a green area must not be isolated from the community it is intended to serve, whilst qualifying bodies and other local planning authorities in the country have considered an “easy walking distance” to be between 300 and 600m, the equivalent of a 5 to 10 minutes walking time.
- 6.6 The previous report considered the Accessible Natural Green Space Standards (ANGSt), produced by Natural England. This advises that green areas of 2ha or less should be located within 300m of the community they serve, the equivalent of a circa 5 minutes comfortable (emphasis added) walking distance for a range of ages and abilities. For the purposes of consistency, the 300m distance has been used again for this updated report as an approximate guide in the Stage 2 Detailed Evaluations. Alongside this selected distance, additional and practical access considerations - such as busy roads, pavements, streetlights, rivers and railway lines etc – have also been considered whilst carrying out individual site visits.
- 6.7 Although not a requirement for local green space designation, **public access** is related to the above and can be a key factor as to why a site may be considered demonstrably special to a local community – i.e., recreational value. The evaluation has considered the public accessibility of a nominated green area if this is necessary to fulfil one of five sub-criteria as set out below in Paragraph 6.12 onwards.

The green area is local in character and is not an extensive tract of land.

- 6.8 There is no clear definition in the NPPF or PPG about what constitutes “*an extensive tract of land*”. As noted in Section 3 (Planning Policy Context), PPG Paragraph 016 confirms that there is no lower size limit for local green space designation. However, in terms of an upper size limit, PPG Paragraph 015 explains that a degree of judgement will be needed, and that blanket designations of open countryside should not be used to achieve what would otherwise amount to a new area of Green Belt by another name. Locality (2021) adds that the above would be a misuse of the local green space designation, whilst the Open Space Society (2022) advises that green areas should be fairly self-contained and have clearly defined edges.
- 6.9 Qualifying bodies and other local planning authorities in the country have been guided by the examinations of local plans and neighbourhood development plans to determine what could constitute an “*extensive tract of land*”. The outcomes have not always been consistent. Indeed, some bodies and authorities have set arbitrary maximum limits (i.e., 20ha), whilst others have taken a proportionate approach which compares the scale of a green area compared to the scale of the adjacent built-up area and the size of the community it serves.
- 6.10 In upholding the spirit and purpose of local green space designation – whilst also recognising the various scales and types of designated local green spaces in “made” neighbourhood development plans across the National Park – this updated report has sought to remain consistent with its predecessor. In doing so, consideration has been given to the relationship and scale of a nominated green area compared to the adjacent settlement it serves. The same

considerations have also been applied to adjacent or neighbouring smaller nominations which, if designated, would together (or cumulatively) result in an extensive tract of land.

- 6.11 It is important to note that larger areas may already be protected by other designations such as a Special Protection Area (SPA), Special Area of Conservation (SAC), or Site of Special Scientific Interest (SSSI) etc., or may already be covered by open space, sports and recreational facilities policies within the Adopted South Downs Local Plan or a “made” neighbourhood development plan. Consideration has, therefore, also been given to what additional local benefit would be gained by designation as a local green space.

The green area is demonstrably special and holds a particular local significance.

- 6.12 The evaluation of whether a nominated green area is demonstrably special to a local community, and holds a particular local significance, requires at least one of five sub-criteria to be met or fulfilled. These sub-criteria are:

- Beauty;
- Historic significance;
- Recreational value (including as a playing field);
- Tranquillity; and/or
- Richness of its wildlife.

- 6.13 The evaluation of a green area against the five sub-criteria can be quite challenging given that some (including beauty and tranquillity) are largely subjective. To ensure consistency with the previous report – and in recognition of updated information and guidance – the considerations and prompts in Paragraphs 6.14 to 6.20 of this report have been used when evaluating the nominated green areas against the five sub-criteria. As part of this, consideration has also been given to PPG Paragraph 011 as to whether any additional local benefit would be gained by a local green space designation if a green area is already subject to an existing designation – for example, an ecological, heritage, or landscape designation.

Beauty

- 6.14 Beauty is a very subjective concept. The Oxford Dictionaries define the meaning of the word as a combination of qualities (such as shape, colour or form) which please the aesthetic senses, especially sight. The Open Space Society (2022) explain that beauty can relate to the visual attractiveness of a green area and its contribution to landscape character, local identity, sense of place, and/or the setting of a nearby settlement.
- 6.15 The South Downs National Park was designated as a National Park in recognition of its landscapes and scenic beauty. As such, many nominations will have a degree of relative beauty. The evaluation has, therefore, focused on what additional benefits a local green space designation could provide for a green area in the context of the South Downs National Park’s quality landscapes. In practice, this sub-criterion has been observed through officer site visits and the evidence and information submitted with the nominations.

Historic Significance

- 6.16 This sub-criterion considers how a green area may hold a particular local significance in relation to the history of a community or settlement. This could include historic village events; cultural heritage; or historic buildings, structures or features which have a particular connection to the local community. In terms of conservation areas and listed buildings (including their setting), these heritage designations already provide a degree of protection for a green area. The evaluation has, therefore, focused on what additional benefits a local green space designation could provide for a green area beyond a conservation area or listed building designation. In practice, this sub-criterion has been observed through officer site visits, further desktop reviews, and the evidence and information submitted with the nominations.

Recreational Value (Including as a Playing Field)

- 6.17 This sub-criterion considers how a green area may hold a particular local significance in relation to the opportunities it provides for recreation. This may include informal recreation, sports pitches, children's play equipment, or a wider role as a recreational asset for the local community. In practice, this sub-criterion has been observed through officer site visits, further desktop reviews (including local authority playing pitch, built facilities and open space strategies as appropriate), and the evidence and information submitted with the nominations.
- 6.18 In terms of **school playing fields and grounds**, NPPF Paragraph 99 explains that local planning authorities should take a proactive, positive and collaborative approach to meeting the needs of existing and new communities in terms of sufficient choice for school places. The future needs for school places may require the rearrangement and/or reconfiguration of school buildings, playing fields and grounds. Moreover, it is considered that school playing fields and grounds are not appropriate for local green space designation. This is because designation would be contrary NPPF Paragraph 99 and would not fulfil the requirements of NPPF Paragraph 105 in being consistent with the local planning of sustainable development, nor enduring beyond the end of the plan period.

Tranquillity

- 6.19 The feeling of tranquillity is considered to be a state of calm and quietude, and a feeling of peace, which can help support good mental health and wellbeing. It is a perceptual quality of the landscape and can be influenced by many factors which individuals can both see and hear around them. Positive tranquillity factors can include seeing natural landscapes, woodlands, and open vistas, and hearing natural sounds such as birdsong, rivers, and even silence in the absence of any human activity. In practice, this sub-criterion has been observed through officer site visits and the evidence and information submitted with the nominations.

Richness of its Wildlife.

- 6.20 This sub-criterion considers how a green area may hold a particular local significance in relation to its management or role for local wildlife and habitats. In practice, this sub-criterion has been observed through officer site visits, further desktop reviews (including existing ecological and wildlife designations), and the evidence and information submitted with the nominations (including surveys).

7. Evaluation Results

Stage 1: Initial Desktop Review (“First Sieve”)

- 7.1 The first stage of the evaluation has considered all nominated green areas. The nominated green areas which have been excluded from further consideration for local green space designation – and, therefore, have not progressed to Stage 2 - are set out in Appendix 1.

Stage 2: Detailed Evaluation

- 7.2 The second stage of the evaluation has involved a detailed evaluation of the remaining nominated green areas - i.e., those not excluded at Stage 1.
- 7.3 An provisional evaluation has been made for each of the remaining nominated green areas to understand whether any of them can fulfil the tests / criteria set out in NPPF Paragraph 106. To support the evaluation, a series of site visits were carried out between August 2023 and June 2024, and these have been supplemented by further desktop reviews and further consideration of the submitted evidence and information. The details of the provisional detailed evaluations are set out in Appendix 2. Otherwise, any nuanced considerations in relation to Lewes, Selborne, and mapping amendments are set out below.

Lewes – “Lewes Arboretum” and “Wildflower Lewes”

- 7.4 Lewes Town Council nominated a number of green areas on behalf of “Lewes Arboretum” and “Wildflower Lewes”. The groups have been planting trees and wildflowers on green areas across the town to improve biodiversity and urban cooling. This work is commendable but does not meet the tests for local green space designation. A number of nominations have been excluded at Stage 1 (Initial Desktop Review) as either already being designated as a local green space, local community space, or development allocation in the Lewes Neighbourhood Development Plan; or because they are considered to be part of the public highway as defined by the Highways Act 1980. In terms of the latter, the groups may want to consider contacting East Sussex County Council about the potential for wildlife verge designation. As for the nominations which progressed to Stage 2 (Detailed Evaluation), most have been rejected for designation as they are not considered to be demonstrably special with regard to the tests / criteria set out in NPPF Paragraph 106.

Selborne – Green Areas in the “Green Apron”

- 7.5 The previous report evaluated a series of green areas in, and around, the “Green Apron” of Selborne between the edge of the settlement and Selborne Hanger – see refs LGS17-015, LGS17-016, LGS17-017, LGS17-018, LGS17-019, LGS17-020, LGS17-021, and LGS17-022. The Selborne Hanger is a Site of Special Scientific Interest (SSSI) and part of the East Hampshire Hangers Special Area of Conservation (SAC) under the EU Habitats Directive. It is recognised that these green areas contribute to the rural character and setting of Selborne Village, as set out in the Selborne Village Design Statement. However, these green areas are either protected more appropriately within the conservation area, or do not fulfil the NPPF tests / criteria of being demonstrably special in their own right. In addition, when combined

together, these green areas form an extensive tract of land and are, therefore, not appropriate for local green space designation.

LGS24-103 Church Meadow, Selborne

- 7.6 The green area is referred to on historic mapping as “Churchyard Mead”. It contains undisturbed habitat and a stream and is bisected by public rights of way which provide access to this tranquil space for informal recreation. The green area is located within the Selborne Conservation Area and is in the setting of various listed buildings, including St Mary’s Church. The above designations already afford a degree of protection. However, beyond the above, the historic environment record indicates potential for archaeology and the green area is illustrated in Gilbert White’s Natural History of Selborne. The latter emphasises the green area’s cultural heritage beyond the special architectural and historic interest of the conservation area. Moreover, the green area is not an extensive tract of land and is in close proximity to the community, local in character, and demonstrably special in terms of its beauty, historic significance, recreational value, tranquillity and richness of wildlife. Given the above, the green area is considered to be appropriate for local green space designation.

LGS24-104 – Dowlings Little Mead, Selborne

- 7.7 The green area is currently designated as a local green space and is known as:

- Dowlings Little Mead;
- Land adjacent to the Dowlings;
- Land adjoining Honeysuckle Cottage; and
- Land rear of Queens Hotel.

- 7.8 Representations have been received from a site promoter and residents about alleged changes of use and development on the land that might impact its integrity as a local green space designation. The Authority has reviewed all representations and re-evaluated the green area against NPPF Paragraph 106. However, **insufficient information has been submitted to “de-designate” the green area as a local green space**. The character and use of this green area has changed since its designation, and it is not considered to be of recreational or tranquillity value. However, new information submitted has demonstrated that the green area is of historic significance by virtue of its cultural heritage and association with Gilbert White. In terms of beauty and wildlife, these are contested by the site promoter and residents. The former has considered the site in its current condition whilst the latter has reminded the Authority of its condition and value prior to changes being made. The Authority’s understanding of this green area continues to evolve, and it will be re-evaluated in a future update of this report once a resolution on the quashed appeal decision at Former Queens Hotel has been received. In the meantime, the green area is still considered to be demonstrably special and hold a particular local significance to the community by virtue of its cultural heritage.

- 7.9 Notwithstanding the above, the western boundary includes a track laid to gravel for access to Plum Tree House and the Former Queens Hotel. The track is part of the red line for the redevelopment of the latter. At the time of writing, it is understood that the quashed appeal for the redevelopment of the Former Queens Hotel will be reconsidered by the Planning

Inspectorate in late October 2024. The outcome of the quashed appeal will inform whether the green area should be re-mapped in a future update of this report.

Green Area Mapping

- 7.10 The green area nominations include maps of varying accuracy and quality. The site visits allowed officers to amend and correct submitted maps to ensure that the green areas corresponded with existing land parcels, boundaries, and landscape features. The green areas which were amended in the previous assessment were LGS17-001 (Hollycroft Field, East Chiltington), LGS17-055f (Holmbush Recreation Area, Midhurst), LGS17-072 (Village Pond / War Memorial, Buriton), and LGS17-098 (Droxford Parish Green). Otherwise, the new green area nominations which required amendments in this updated report are outlined below.
- 7.11 **LGS24-008 – Cherry Close Community Amenity Garnden, Cocking** – The nominated green area includes an existing sub-station. The sub-station would not be suitable, nor meet the NPPF tests / criteria, for local green space designation. As such, it has been excluded from the green area and subsequent local green space designation.
- 7.12 **LGS24-092 – The Village Pond, Slindon** – The boundary of the proposed local green space has been extended to include the pathed and vegetated area around the pond. This is because the surrounding land is a key and linked feature of the beauty, recreation and wildlife value of this green area.
- 7.13 **LGS24-102 – The School Dell, West Ashling** - The boundary of the proposed local green space has been amended to remove the woodland covered under Tree Preservation Order (TPO) ref. 96/00532/TPO. This is because it is already afforded protection by the TPO.

8. Conclusion

South Downs Local Plan

- 8.1 The previous report recommended 43 (out of 81) green areas for local green space designation. This figure was later refined to **35 local green spaces** on the basis that:
- **Hambledon, Hampshire** - Speltham Down (1) and Speltham Down (2) [refs LGS17-041 and LGS17-112 respectively] were combined.
 - **Midhurst, West Sussex** – South Pond and South Pond Green Space Corridor [refs LGS17-055a and LGS17-111 respectively] were combined.
 - **Stedham with Iping, West Sussex** – The four green areas [refs LGS17-004-007] were designated in the “made” Stedham with Iping Neighbourhood Development Plan.
 - **Seaford, East Sussex** –The two green areas [refs LGS17-075 and LGS17-076] were considered for designation in the Seaford Neighbourhood Development Plan. Following Examination, the Village Green, Bishopstone [ref. LGS17-075] was designated.

South Downs Local Plan Review (Regulation 18 Document)

- 8.2 The provisional findings of this updated report are set out in Appendices 1 and 2, and recommend a further 18 (out of 102) green areas for local green space designation, along with the separation of Dowlings Little Mead and Church Meadow (Selborne). In light of the provisional findings, the list of proposed local green spaces for inclusion in the new of Policy SD47 has been updated as follows:

Alfriston, East Sussex

1. LGS24-001 – Alfriston Allotments
2. LGS24-002 – Alfriston Recreation Ground

Brighton & Hove, East Sussex

3. LGS17-046 - Green Ridge

Buriton, Hampshire

4. LGS17-069 - The Links
5. LGS17-071 - Buriton Recreation Ground
6. LGS17-072 - Village Pond / War Memorial
7. LGS17-082 - Sheep Dip and Pond Green
8. LGS17-084 - Sumner Road Green Spaces

Cheriton, Hampshire

9. LGS17-097 - Open space at top of Freemans Yard Lane

Cocking, West Sussex

10. LGS24-008 – Cherry Close Community Amenity Garden

Corhampton and Meonstoke, Hampshire

11. LGS17-116 - Church Green, Church Lane

Droxford, Hampshire

12. LGS17-098 – Droxford Parish Green

East Chiltington, East Sussex

13. LGS17-001 - Hollycroft Field

East Dean, East Sussex

14. LGS17-094 - The Horsefield
15. LGS17-096 - Went Way Allotments

East Worldham, Hampshire

16. LGS17-065 – Playground

Fulking, West Sussex

17. LGS17-105 - North Town Field

Hambledon, Hampshire

18. LGS17-041 - Speltham Down (1)
19. LGS17-112 - Speltham Down (2)
20. LGS17-113 - The Glebe Land

Heyshott, West Sussex

21. LGS24-011 – Heyshott Playground

Kingston-near-Lewes, East Sussex

22. LGS24-012 – Kingston Community Wildlife Garden

Langrish, Hampshire

23. LGS24-014 - Reeds Meadow

Lewes, East Sussex

24. LGS24-018 – Coombe Allotments
25. LGS24-019 – Queens Road Allotments
26. LGS24-044 – Timberyard Lane Play Area
27. LGS24-056 – Land adjacent to Stanley Turner Recreation Ground
28. LGS24-074 – Church Lane Allotments
29. LGS24-079 – Priory Park

Liss, Hampshire

30. LGS24-088 - Land west of Rotherbank

Midhurst, West Sussex

31. LGS17-055a - South Pond
32. LGS17-055c- Half Moon Covert
33. LGS17-055e - Carron Lane Recreation Area
34. LGS17-055f - Holmbush Recreation Area
35. LGS17-055g - St Margaret's Development Community Garden
36. LGS17-110 - Jubilee Path and Green Space Corridor
37. LGS17-111 – South Pond Green Space Corridor

Poynings, West Sussex

- 38. LGS17-059 – Poynings Playing Field
- 39. LGS17-106 – Poynings Allotments

Seaford, East Sussex

[The green areas were considered for designation in the Seaford Neighbourhood Development Plan]

- ~~40. LGS17-075 – The Village Green, Bishopstone~~
- ~~41. LGS17-076 – Tide Mills, Mill Drove~~

Selborne, Hampshire

[Dowlings Little Mead and Church Meadow now evaluated separately]

- ~~42. LGS17-008 – Dowlings Little Mead and Church Meadow~~
- 43. LGS17-012 – Culvercroft (Burlands Field)
- 44. LGS17-025 - Selborne Recreation Ground
- 45. LGS24-090 – Goslings Croft Allotments
- 46. LGS24-103 – Church Meadow
- 47. LGS24-104 – Dowlings Little Mead

Slindon, West Sussex

- 48. LGS17-062 - Slindon Common Recreation Ground
- 49. LGS17-063 - Top Playing Field
- 50. LGS17-099 - Meadway
- 51. LGS17-100 - The Forge Field
- 52. LGS17-101 - Jubilee Orchard
- 53. LGS17-102 - The Allotments
- 54. LGS17-103 - The Copse
- 55. LGS24-092 – The Village Pond

Stedham with Iping, West Sussex

[The green areas were considered for designation in the Stedham-with-Iping Neighbourhood Development Plan]

- ~~56. LGS17-004 – Stedham Sports Ground~~
- ~~57. LGS17-005 – Stedham Recreation Ground (Village Green)~~
- ~~58. LGS17-006 – Land at Common View (Allotment Gardens)~~
- ~~59. LGS17-007 – Playing Field at Common View~~

Steep, Hampshire

- 60. LGS24-094 - Steep Common
- 61. LGS24-100 – Steep War Memorial

Wannock, Polegate, East Sussex

- 62. LGS17-002 - Wannock Coppice

West Ashling, West Sussex

- 63. LGS24-102 – The School Dell

Appendix I: Stage I Initial Desktop Review

Reference	Name	Reason for Stage I Exclusion.
LGS17-088	Heatherfield, Buriton (Western Half)	Initial Criterion 5: forms part of the public highway as defined by the Highways Act 1980.
LGS17-091	Pitcroft Circle, Buriton	Initial Criterion 5: forms part of the public highway as defined by the Highways Act 1980.
LGS24-006	Back Arun Fishing Course, Arundel	Initial Criterion 1: outside the boundary of the South Downs National Park.
LGS24-016	Former St Anne's School, Lewes	Initial Criterion 6: allocated for 35 homes in the Lewes NDP, see Policy PL1B (Site 53).
LGS24-017	Land at Houndean, Lewes	Initial Criterion 4: not submitted for consideration as a local green space.
LGS24-020	Brighton Road South, Lewes	Initial Criterion 5: forms part of the public highway as defined by the Highways Act 1980.
LGS24-021	Valence Road Steps, Lewes	Initial Criterion 5: forms part of the public highway as defined by the Highways Act 1980.
LGS24-022	Valence Road Verge, Lewes	Initial Criterion 5: forms part of the public highway as defined by the Highways Act 1980.
LGS24-023	Nevill Road Verges, Lewes	Initial Criterion 5: forms part of the public highway as defined by the Highways Act 1980.
LGS24-025	Middle Way, Lewes	Initial Criterion 5: forms part of the public highway as defined by the Highways Act 1980.
LGS24-026	Mount Harry Road Shops, Lewes	Initial Criterion 5: forms part of the public highway as defined by the Highways Act 1980.
LGS24-027	Cross Way, Lewes	Initial Criterion 5: forms part of the public highway as defined by the Highways Act 1980.
LGS24-030	The Martlets Verge (South), Lewes	Initial Criterion 5: forms part of the public highway as defined by the Highways Act 1980.
LGS24-031	The Martlets Verge (North), Lewes	Initial Criterion 5: forms part of the public highway as defined by the Highways Act 1980.
LGS24-032	Hereward Way, Lewes	Initial Criterion 5: forms part of the public highway as defined by the Highways Act 1980.
LGS24-034	Fitzgerald Road Verge, Lewes	Initial Criterion 5: forms part of the public highway as defined by the Highways Act 1980.
LGS24-036	Church Lane Verge, Lewes	Initial Criterion 5: forms part of the public highway as defined by the Highways Act 1980.
LGS24-039	Waitrose Car Park Grass Area, Lewes	Initial Criterion 6: allocated as part of North Street Quarter in South Downs Local Plan, see Policy SD57.
LGS24-040	South Downs Road, Lewes	Initial Criterion 6: allocated for 101 homes in the Lewes NDP, see Policy PL1B (Site 26).
LGS24-042	St Anne's Hill Trees, Lewes	Initial Criterion 5: forms part of the public highway as defined by the Highways Act 1980.
LGS24-043	Houndean Rise Trees, Lewes	Initial Criterion 5: forms part of the public highway as defined by the Highways Act 1980.
LGS24-045	Winterbourne Triangle, Lewes	Initial Criterion 5: forms part of the public highway as defined by the Highways Act 1980.
LGS24-051	Land at Astley House off De Montfort & Spital Roads, Lewes	Initial Criterion 6: allocated for 25 homes in the Lewes NDP, see Policy PL1B (Site 2).

Reference	Name	Reason for Stage 1 Exclusion.
LGS24-053	Land at Astley House off De Montfort Road	Initial Criterion 6: allocated for 25 homes in the Lewes NDP, see Policy PL1B (Site 2).
LGS24-058	King Henry Road Trees & Verges, Lewes	Initial Criterion 5: forms part of the public highway as defined by the Highways Act 1980.
LGS24-059	De Warrenne Road Trees & Verges, Lewes	Initial Criterion 5: forms part of the public highway as defined by the Highways Act 1980.
LGS24-060	Gundreda Road Trees & Verges, Lewes	Initial Criterion 5: forms part of the public highway as defined by the Highways Act 1980.
LGS24-061	Ferrers Road Trees & Verges, Lewes	Initial Criterion 5: forms part of the public highway as defined by the Highways Act 1980.
LGS24-063	Offham Road Verge, Lewes	Initial Criterion 5: forms part of the public highway as defined by the Highways Act 1980.
LGS24-064	Prince Edwards Road Trees & Verges, Lewes	Initial Criterion 5: forms part of the public highway as defined by the Highways Act 1980.
LGS24-068a	Newton Road Verge 1, Lewes	Initial Criterion 5: forms part of the public highway as defined by the Highways Act 1980.
LGS24-073	Earwig Corner Allotments, Ringmer	Initial Criterion 6: identified / protected for allotment use in the Ringmer NDP, see Policy 7.7.
LGS24-075	Nevill Green, Lewes	Initial Criterion 3: designated as local green space in Lewes NDP, see Policy SS3 (Site 5).
LGS24-076	Southover Churchyard, Lewes	Initial Criteria 3 & 6: designated as local community space in Lewes NDP, see Policy SS3 (Site 45).
LGS24-077	Convent Field, Lewes	Initial Criteria 3 & 6: designated as local community space in Lewes NDP, see Policy SS3 (Site 35).
LGS24-078	The Mound, Lewes	Initial Criterion 3: designated as local green space in Lewes NDP, see Policy SS3 (Site 37).
LGS24-080	Land behind Priory Crescent, Lewes	Initial Criterion 3: designated as local green space in Lewes NDP, see Policy SS3 (Site 39).
LGS24-081	Lewes Cemetery, Lewes	Initial Criteria 3 & 6: designated as local community space in Lewes NDP, see Policy SS3 (Site 46).
LGS24-082a	Jubilee Gardens & Juggs Lane, Lewes	Initial Criterion 3: designated as local green space in Lewes NDP, see Policy SS3 (Site 59).
LGS24-083	Haredean Road Allotments, Lewes	Initial Criterion 3: designated as local green space in Lewes NDP, see Policy SS3 (Site 2).
LGS24-084	Landport Allotments, Lewes	Initial Criterion 3: designated as local green space in Lewes NDP, see Policy SS3 (Site 8).
LGS24-085	Paddock Allotments, Lewes	Initial Criterion 3: designated as local green space in Lewes NDP, see Policy SS3 (Site 53).
LGS24-086	Nevill Allotments, Lewes	Initial Criterion 3: designated as local green space in Lewes NDP, see Policy SS3 (Site 65).
LGS24-093	Land adjacent to Steep Village Hall, Steep	Initial Criterion 6: allocated for housing in the South Downs Local Plan, see Policy SD89.
LGS24-098	Land south of Church Road, Steep	Initial Criterion 6: allocated for housing in the South Downs Local Plan, see Policy SD89.

Appendix 2: Stage 2 Detailed Evaluations

LGS nomination reference(s)	Site	Year of evaluation	Close proximity to community	Publicly accessible	Demonstrably special to the community with regard to:					Extensive tract of land?		Designate?	Comments
					Beauty	History	Recreation	Tranquillity	Wildlife	Alone?	In combination with other nominations?		
ALFRISTON, EAST SUSSEX													
LGS24-001	Alfriston Allotments	2024	Yes	Yes	No	No	Yes	No	No	No	No	Yes	The site is demonstrably special to the community regarding its role for recreation and food growing.
LGS24-002	Alfriston Recreation Ground	2024	Yes	Yes	No	No	Yes	No	No	No	No	Yes	The site is a recreation ground and includes play equipment, a pavilion, and a cricket pitch. It is the only green area for ball games in the village. The site is demonstrably special to the community regarding its role as an asset for recreation.
LGS24-003	Land off West Street, and rear of North Road	2024	Yes	No	No	No	No	No	No	No	No	No	The site is privately owned and used for grazing. The site is not demonstrably special with regard to the NPPF tests and, therefore, is not considered to be appropriate for designation.
LGS24-004	Land between the South Downs Way and The Broadway	2024	Yes	No	No	Yes	No	No	No	Yes	Yes	No	The site is privately owned and used for livestock and grazing. The site is bound by the South Downs Way and the western half is a heritage site of prehistoric, roman and Saxon remains. The site is the equivalent of over 60% of the adjacent built-up area. The site is, therefore, considered to be an extensive tract of land and not appropriate for local green space designation.

LGS nomination reference(s)	Site	Year of evaluation	Close proximity to community	Publicly accessible	Demonstrably special to the community with regard to:					Extensive tract of land?		Designate?	Comments
					Beauty	History	Recreation	Tranquillity	Wildlife	Alone?	In combination with other nominations?		
LGS24-005	Pleasant Rise Camp Site	2024	Yes	Yes	No	Yes	No	No	Yes	Yes	Yes	No	The site is in active commercial use and comprises various built structures and land uses. This includes camping and caravan areas, shepherd huts, livery stables, grazing fields, open access land, woodlands, wood yard, indoor tennis courts, and open-air tennis courts. Any recreational elements beyond the public right of way and public access land are privately run. The site is part of a biodiversity opportunity area, and the north-western area is a heritage site associated with a celtic field system. The site is larger than the built-up area of the village and so constitutes an extensive tract of land. Given the site's scale and existing uses, the site is not considered to be appropriate for local green space designation.
BRIGHTON & HOVE, EAST SUSSEX													
LGS17-046	Green Ridge	2017	Yes	Yes	Yes	Yes	Yes	No	Yes	No	No	Yes	This site is located to the north of the built-up area of Brighton and Hove. It is a Site of Nature Conservation Interest (SNCI) and local nature conservation designation. There is a community action group whose aims are to protect the site and encourage community involvement and understanding. The site is demonstrably special, in particular for its recreation and local wildlife value.

LGS nomination reference(s)	Site	Year of evaluation	Close proximity to community	Publicly accessible	Demonstrably special to the community with regard to:					Extensive tract of land?		Designate?	Comments
					Beauty	History	Recreation	Tranquillity	Wildlife	Alone?	In combination with other nominations?		
BURITON, HAMPSHIRE													
LGS17-069	The Links	2017	Yes	Yes	Yes	No	Yes	Yes	Yes	No	Yes	Yes	Demonstrably special asset, particularly with regard to tranquillity, recreation and wildlife. Identified as one of three 'Green Fingers' of open space in the Buriton Village Design Statement and Local Landscape Character Assessment.
LGS17-070	The Clays	2017	Yes	No	No	No	No	Yes	No	Yes	No	No	Identified as one of three 'Green Fingers' of open space in the Buriton Village Design Statement and Local Landscape Character Assessment. However, this site is considered to be an extensive tract of land and is therefore not suitable for LGS designation.
LGS17-071	Buriton Recreation Ground	2017	Yes	Yes	No	No	Yes	No	No	No	No	Yes	While large, this site is not considered to be an extensive tract of land in this circumstance. Clearly demonstrably special to the community for its recreation value.
LGS17-072	Village Pond / War Memorial	2017	Yes	Yes	Yes	Yes	Yes	No	Yes	No	No	Yes	A special piece of green space which is prominent in the village – for natural beauty, history and recreation in particular.

LGS nomination reference(s)	Site	Year of evaluation	Close proximity to community	Publicly accessible	Demonstrably special to the community with regard to:					Extensive tract of land?		Designate?	Comments
					Beauty	History	Recreation	Tranquillity	Wildlife	Alone?	In combination with other nominations?		
LGS17-081	Rasher's Meadow / The Wicket	2017	Yes	No	No	No	No	No	No	No	Yes	No	Identified as one of three 'Green Fingers' of open space in the Buriton Village Design Statement and Local Landscape Character Assessment. The site is in private ownership and is used for paddocks, containing various pieces of equipment related to equestrian activities. This site has not sufficiently met the criteria for Local Green Space designation.
LGS17-082	Sheep Dip and Pond Green	2017	Yes	Yes	Yes	Yes	Yes	No	Yes	No	No	Yes	This LGS nomination is physically and visually related to the ponds and green space in LGS72. This site is demonstrably special to the local community at the heart of the village with important historical and recreational value in particular.
LGS17-083	Lawn Field, Sumner Road	2017	Yes	Yes	No	No	No	No	No	No	No	No	Public access and recreation value is via a PRow only, the rest of the land is private ownership. The site beyond the footpath is not demonstrably special with regard to the NPPF tests. This site is therefore not considered appropriate for LGS designation.
LGS17-084	Sumner Road Green Spaces	2017	Yes	Yes	No	No	Yes	No	No	No	No	Yes	This site is of particular importance to the local community for its recreation value as a play area for local children in Buriton.

LGS nomination reference(s)	Site	Year of evaluation	Close proximity to community	Publicly accessible	Demonstrably special to the community with regard to:					Extensive tract of land?		Designate?	Comments
					Beauty	History	Recreation	Tranquillity	Wildlife	Alone?	In combination with other nominations?		
LGS17-085	Greenway Lane / Sedsens Field	2017	No	No	No	No	No	No	No	Yes	No	No	A very large, extensive tract of land without reasonable proximity to the local community. This site is therefore not considered appropriate for LGS designation.
LGS17-086	School Meadow	2017	Yes	No	No	No	Yes	No	No	No	No	No	This nomination is for school playing fields. It is recognised that these playing fields have an important role for the school, however they are afforded protection in other ways and therefore they are not considered appropriate for Local Green Space designation.
LGS17-087	Kiln Lane Field	2017	Yes	No	No	No	No	No	No	No	No	No	This site is a privately owned field, screened by hedges, has no access or views from the village, and provides a gap between the village and railway line. This site is not considered to be demonstrably special with regard to NPPF tests and is therefore not considered appropriate for LGS designation.
LGS17-088	Green Spaces	2017	Yes	Yes	No	No	No	No	No	No	No	No	This site is predominantly grass verge. It is not considered to be demonstrably special with regard to NPPF tests and therefore not considered appropriate for LGS designation.

LGS nomination reference(s)	Site	Year of evaluation	Close proximity to community	Publicly accessible	Demonstrably special to the community with regard to:					Extensive tract of land?		Designate?	Comments
					Beauty	History	Recreation	Tranquillity	Wildlife	Alone?	In combination with other nominations?		
LGS17-089	Bones Meadow	2017	Yes	No	No	No	No	No	No	No	No	No	The site is currently used for grazing and does not appear to be publicly accessible. Although recognised as an extension of one of three 'Green Fingers' of open space in the Buriton Village Design Statement and Local Landscape Character Assessment, the site is cut off from the majority of the Green Finger via a trackway and private garden. LGS designation is not considered appropriate.
LGS17-090	Bothy Bank	2017	Yes	Yes	No	Yes	No	No	No	No	No	No	This site is a grass bank adjacent to a historic sunken lane and has a commemorative tree. The historic significance of this site is already, and most appropriately, afforded protection within the Conservation Area. The site is therefore not considered appropriate for LGS designation.
LGS17-092	Pickle Lane (Weston)	2017	Yes	?	No	No	No	No	No	No	No	No	The site is located in Weston within the parish of Buriton. The site consists of a small copse of trees adjacent to a public right of way. It is not known if the site is publicly accessible, however given the dense vegetation it is not suitable for recreation. The site is not considered to be demonstrably special with regard to the NPPF tests and is therefore not considered appropriate for LGS designation.

LGS nomination reference(s)	Site	Year of evaluation	Close proximity to community	Publicly accessible	Demonstrably special to the community with regard to:					Extensive tract of land?		Designate?	Comments
					Beauty	History	Recreation	Tranquillity	Wildlife	Alone?	In combination with other nominations?		
CHERITON, HAMPSHIRE													
LGS17-097	Open space at top of Freemans Yard Lane	2017	Yes	Yes	No	No	Yes	Yes	No	No	No	Yes	This site contains scrub with perhaps some remnants of ancient meadow. The Wayfarers Way, a Public Right of Way runs adjacent to the site. Within the site there is also a circular path used by local dog walkers. From the north eastern edge of the site, there are long and mid distance views.
CLAPHAM, WEST SUSSEX													
LGS24-007	The Old Gravel Pit	2024	Yes	No	No	No	No	No	No	No	No	No	The site is privately owned and used for grazing. The site is not considered to be demonstrably special with regard to the NPPF tests / criteria and, therefore, is not appropriate for designation.
COCKING, WEST SUSSEX													
LGS24-008	Cherry Close Community Amenity Garden	2024	Yes	Yes	No	No	Yes	No	Yes	No	No	Yes	The site is an amenity area provided by virtue of planning permission ref. SDNP/12/00120/FUL. It includes matures trees, bramble, hedging, grassed areas, seating, and a shallow pond, along with areas for insects and planting. The site is demonstrably special to the community in regard to its role as a community asset for recreation and local wildlife. The boundary has been amended to exclude the existing sub-station.

LGS nomination reference(s)	Site	Year of evaluation	Close proximity to community	Publicly accessible	Demonstrably special to the community with regard to:					Extensive tract of land?		Designate?	Comments
					Beauty	History	Recreation	Tranquillity	Wildlife	Alone?	In combination with other nominations?		
CORHAMPTON AND MEONSTOKE, HAMPSHIRE													
LGS17-116	Church Green, Church Lane, Meonstoke	2017	Yes	Yes	Yes	Yes	Yes	Yes	Yes	No	No	Yes	The site is an area of land through which the River Meon flows. The site is used for recreation, open access to the river, and village events such as the Church Fete. The site is demonstrably special to the community for its recreational and historic value for community events and the natural beauty, tranquillity and local wildlife value of the River Meon and its surrounds.
DITCHLING, EAST SUSSEX													
LGS24-009	Land at corner of The Drove and Keymer Road	2024	Yes	No	No	No	No	No	No	No	No	No	The site comprises a gas and electric substation surrounded by trees and vegetation. The site is not considered to be demonstrably special with regard to the NPPF tests / criteria and, therefore, is not appropriate for designation.
LGS24-010	Land west of The Drove and south of Keymer Road	2024	Yes	No	No	No	No	No	No	No	Yes	No	The site has extant planning permission (allowed on appeal) for equestrian use, and it is currently used for camping under Class BC, Part 3, Schedule 2 of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended). The site is not considered to be demonstrably special with regard to the NPPF tests / criteria and, therefore, is not appropriate for local green space designation.

					Beauty	History	Recreation	Tranquillity	Wildlife	Alone?	In combination with other nominations?		
LGS24-044	Timberyard Lane Play Area	2024	Yes	Yes	No	No	Yes	No	No	No	No	Yes	The site is the only area within the estate with children's play equipment. It is demonstrably special to the community in regard to its role as a community asset for recreation.
LGS24-046	Winterbourne Lane	2024	Yes	Yes	No	No	No	No	In part	No	No	No	It is unclear whether the site forms part of the public highway. It includes utilities infrastructure and comprises highway verge and riverside vegetation associated with Winterbourne Lane and the Winterbourne Stream respectively. The watercourse and its banks are already protected under legislation. The site is not considered to be demonstrably special with regard to the NPPF tests / criteria and is not appropriate for designation.
LGS24-047	Glebe Close	2024	Yes	Yes	No	No	No	No	No	No	No	No	The site comprises amenity space laid to grass. The site is not considered to be demonstrably special with regard to the NPPF tests / criteria and, therefore, is not appropriate for designation.
LGS24-048	Cranedown	2024	Yes	No	No	No	No	No	No	No	No	No	The site is private land with no public access. The site comprises trees, overgrown vegetation, shed, stables and a caravan. The site is not considered to be demonstrably special with regard to the NPPF tests / criteria and, therefore, is not appropriate for local green space designation.

LGS nomination reference(s)	Site	Year of evaluation	Close proximity to community	Publicly accessible	Demonstrably special to the community with regard to:					Extensive tract of land?		Designate?	Comments
					Beauty	History	Recreation	Tranquillity	Wildlife	Alone?	In combination with other nominations?		
LGS24-049	The Depot	2024	Yes	No	No	No	No	No	In part	No	No	No	The site has planning permission by virtue of ref. SDNP/14/01904/FUL for the conversion, adaption, extension and change of use of the Former Harvey's Depot to house a three-screen digital cinema, film education / training facilities, multi-use community room, ancillary café bar and restaurant, and ancillary back and front house accommodation. The wildflower garden and green roof have been nominated for designation. The Planning Practice Guidance explains that designation will rarely be appropriate where land has planning permission for development, and NPPF Paragraph 105 explains that local green spaces should be capable of enduring beyond the end of the plan period. The existence and vitality of the wildflower garden and green roof are dependent on the successful operation and viability of the existing commercial use, and local green space designation may prevent the existing commercial use from adapting to a changing economic climate. Given all the above, the site is not considered to be appropriate for local green space designation.

LGS nomination reference(s)	Site	Year of evaluation	Close proximity to community	Publicly accessible	Demonstrably special to the community with regard to:					Extensive tract of land?		Designate?	Comments
					Beauty	History	Recreation	Tranquillity	Wildlife	Alone?	In combination with other nominations?		
LGS24-050	Land west of South Downs Sports Club	2024	Yes	No	?	?	No	No	?	No	No	No	The site is private land with no public access. The site is not visible from adjacent and nearby public land (incl. higher ground) due to the adjacent A27 and railway line, and onsite trees, vegetation, and fencing. There is insufficient evidence to determine if the site meets the NPPF tests / criteria. The desktop analysis has not identified any historic or wildlife value. In absence of information, the site cannot be considered for designation.
LGS24-052	St Pancras Gardens	2024	Yes	Yes	No	No	No	No	No	No	No	No	It is unclear whether the site forms part of the public highway. Notwithstanding the above, the site comprises grass verges and newly planted trees between car parking and flatted development. The site is not considered to be demonstrably special with regard to the NPPF tests / criteria and, therefore, is not appropriate for designation.
LGS24-054	Saxonbury House Garden	2024	Yes	No	No	Yes	No	No	No	No	No	No	The site comprises car parking and incidental, grassed amenity space associated with the flatted development at Saxonbury House. It is a Saxon burial site, and this is already afforded protection by virtue of the designated Saxonbury Anglo-Saxon Cemetery Scheduled Monument. Given the existing designation, the site is not considered appropriate for local green space designation.

LGS nomination reference(s)	Site	Year of evaluation	Close proximity to community	Publicly accessible	Demonstrably special to the community with regard to:					Extensive tract of land?		Designate?	Comments
					Beauty	History	Recreation	Tranquillity	Wildlife	Alone?	In combination with other nominations?		
LGS24-055	Shelleys Hotel Garden	2024	Yes	No	?	Yes	No	No	?	No	No	No	The site is the gardens of the former Shelleys Hotel. It is private land with no public access. The site and its mature trees are already protected (to a degree) by virtue of their location within the conservation area. Given all the above, the site is not considered to be appropriate for designation.
LGS24-056	Land adjacent to Stanley Turner Recreation Ground	2024	Yes	Yes	Yes	No	Yes	Yes	Yes	No	No	Yes	The site is part of the floodplain and flat valley floor of the River Ouse, and the Lewes Brooks SSSI. A variety of amphibian, bird, invertebrate, and reptile species have been recorded. Permission was granted via ref. SDNP/21/06027/FUL in March 2022 for the creation of 6.8ha of wetland habitat. This has enhanced the flora and fauna, and improved conditions for invertebrates and molluscs. Although subject to planning permission and SSSI designation, the Planning Practice Guidance explains that local green space designation may be appropriate where compatible with development and if additional local benefit could be gained. In this instance, it is considered that designation is compatible and would be beneficial given that the site is also demonstrably special to the community by virtue of its beauty, recreational and tranquillity values.

					Beauty	History	Recreation	Tranquillity	Wildlife	Alone?	In combination with other nominations?		
LGS24-057a	Land east of Ham Lane	2024	Yes	Yes	No	No	In part	No	Yes	No	No	No	The site is bound by sports pitches (north), railway line (east), River Ouse (south), and commercial uses (west). The Egrets Way runs along the northern boundary and is protected by other legislation. The whole site forms part of the Lewes Railway Land Meadow which is designated as a Local Wildlife Site / Site of Nature Conservation Interest. The site is already afforded a degree of protection by virtue of its ecological designation and, as such, it is not considered appropriate nor beneficial for further designation as a local green space.
LGS24-057b	Land north of A27	2024	Yes	Yes	No	No	No	No	In part	No	No	No	The site comprises the Cockshut Stream; a tarmacked road; and all trees and vegetation located north of A27, south of existing local community and local green spaces, and west of commercial uses off Ham Lane. The watercourse and its banks are already protected under legislation. Otherwise, the site is not considered to be demonstrably special with regard to the NPPF tests / criteria and, therefore, is not appropriate for local green space designation.

					Beauty	History	Recreation	Tranquillity	Wildlife	Alone?	In combination with other nominations?		
LGS24-071	Hawkenbury Way	2024	Yes	Yes	No	No	No	No	No	No	No	No	The site comprises two small, tree'd and overgrown parcels of land between Hawkenbury Way and existing utilities infrastructure. The nomination alludes to an ancient tumulus and the Battle of Lewes re-enactment. The former is not shown on historic mapping and the latter is captured via a local green space designation in the Lewes Neighbourhood Development Plan – see Policy SS3, Sites 62. Given the above, this site is not considered to be demonstrably special with regard to the NPPF tests / criteria and, therefore, is not appropriate for designation.
LGS24-072	County Hall Car Park	2024	Yes	Yes	No	No	No	No	No	No	No	No	The site comprises a car park which is in active use. The site is not considered to be demonstrably special with regard to the NPPF tests / criteria and, therefore is not appropriate for designation.
LGS24-074	Church Lane Allotments	2024	Yes	No	No	No	Yes	No	No	No	No	Yes	The site is used for allotments and is demonstrably special to the community in regard to its role as a community asset for recreation.

					Beauty	History	Recreation	Tranquillity	Wildlife	Alone?	In combination with other nominations?		
LIPHOOK, HAMPSHIRE													
LGS24-087	Bohunt Manor Estate	2024	Yes	No	In part due to scale	No	No	In part due to scale	No	Maybe	Yes	No	Two nominations have been received for this green area; one for >300ha and the other for >24ha. To adequately capture the main area of interest in the nominations, a third area (>50ha) has been mapped similar to the site assessed in the South Downs Land Availability Assessment (LAA). The largest nomination (>300ha) and the amended site boundary (>50ha) are extensive tracts of land and, therefore, are not appropriate for local green space designation. As for the smaller nomination (>24ha), this forms part of the southern area of the amended site boundary, focused around Bohunt Manor and B2070 Portsmouth Road. The smaller nomination may constitute an extensive tract of land when compared to the size of Liphook. Regardless, the site predominantly comprises arable agricultural land and is not considered to be demonstrably special with regard to the NPPF tests / criteria. As such, the smaller nomination is also not considered to be appropriate for local green space designation. Any identified heritage and biodiversity assets are already protected by virtue of existing heritage and ecological designations and local planning policies.

LGS nomination reference(s)	Site	Year of evaluation	Close proximity to community	Publicly accessible	Demonstrably special to the community with regard to:					Extensive tract of land?		Designate?	Comments
					Beauty	History	Recreation	Tranquillity	Wildlife	Alone?	In combination with other nominations?		
LISS, HAMPSHIRE													
LGS24-088	Land west of Rotherbank	2024	Yes	Yes	No	No	Yes	Yes	Yes	No	No	Yes	The site has planning permission for use as a Suitable Alternative Natural Greenspace (SANG) under ref. SDNP/19/03210/FUL. Although the site already has permission to secure public recreational use, it is considered logical to extend the existing local green space designation of the southern area (see Liss NDP Policy 3, Site C) to include the whole site.
MIDHURST, WEST SUSSEX													
LGS17-055a	South Pond	2017	Yes	Yes	Yes	Yes	Yes	Yes	Yes	No	No	Yes	The site is demonstrably special to the local community with particular regard to natural beauty, recreation and wildlife.
LGS17-111	South Pond Green Space Corridor	2017	Yes	Yes	Yes	Yes	Yes	Yes	Yes	No	No	Yes	The site is demonstrably special to the local community with particular regard to natural beauty, recreation and wildlife.
LGS17-055b	Tennis Courts and surrounding plot	2017	Yes	No	No	No	Yes	No	No	No	No	No	This site is a recreation facility which is primarily accessed and viewed by the tennis court membership. Much of the site contains the hard standing of the tennis courts. The site is not considered to be appropriate for LGS designation.

LGS nomination reference(s)	Site	Year of evaluation	Close proximity to community	Publicly accessible	Demonstrably special to the community with regard to:					Extensive tract of land?		Designate?	Comments
					Beauty	History	Recreation	Tranquillity	Wildlife	Alone?	In combination with other nominations?		
LGS17-055c	Half Moon Covert	2017	Yes	Yes	No	No	Yes	Yes	Yes	No	No	Yes	Identified as Accessible Woodland. This site is demonstrably special with particular regard to recreation and wildlife.
LGS17-055d	Former Orchard at Carron Lane/Ashfield Road	2017	Yes	No	?	No	No	?	No	No	No	No	The site is located within the settlement of Midhurst, close to Midhurst primary school. The site is private land with no public access. The site is therefore not demonstrably special to the community with regard to recreation. The site itself is not visible from Carron Lane due trees and hedgerow which borders the site and its elevated position on higher ground. The beauty and tranquillity of the site could not be assessed. Desktop analysis has not identified particular historic or wildlife value. On this basis, this site is not considered appropriate for LGS designation.
LGS17-055e	Carron Lane Recreation Area	2017	Yes	Yes	No	No	Yes	No	No	No	No	Yes	This site is demonstrably special to the local community with regard to recreation.
LGS17-055f	Holmbush Recreation Area	2017	Yes	Yes	No	No	Yes	No	No	No	No	Yes - with change	This site is demonstrably special to the local community with regard to recreation. The original nomination included a building and car parking area which is not part of the recreation offering. This land has therefore been taken out of the final LGS designation site area.

LGS nomination reference(s)	Site	Year of evaluation	Close proximity to community	Publicly accessible	Demonstrably special to the community with regard to:					Extensive tract of land?		Designate?	Comments

					Beauty	History	Recreation	Tranquillity	Wildlife	Alone?	In combination with other nominations?		
LGS17-106	Allotments	2017	Yes	Yes	No	No	Yes	No	Yes	No	No	Yes	The site is demonstrably special to the community in regard to its role as a community asset for its recreation and local wildlife value.
LGS17-107	The Causeway	2017	Yes	Yes	No	No	No	No	No	No	No	No	This site is an area of, predominantly, grassland bisected by a public right of way which is located between properties and fields in Poynings. It is understood that the footpath is used by residents to avoid walking on the main road. Desktop analysis has not identified particular beauty, recreation, tranquillity, historic or wildlife value. On this basis, this site is not considered appropriate for LGS designation.
LGS17-108	Downmere	2017	Yes	No	?	?	?	?	?	No	No	No	This site is located adjacent to The Causeway site above. The site is a private garden. The site cannot be viewed from public land. There is insufficient evidence to determine that the site meets the criteria as set out in the NPPF. As such the site is not considered appropriate for LGS designation.

LGS nomination reference(s)	Site	Year of evaluation	Close proximity to community	Publicly accessible	Demonstrably special to the community with regard to:					Extensive tract of land?		Designate?	Comments
					Beauty	History	Recreation	Tranquillity	Wildlife	Alone?	In combination with other nominations?		
RAMSDEAN, HAMPSHIRE													
LGS24-089	Ramsdean Green	2024	Yes	Yes	No	No	No	No	No	No	No	No	The site comprises a small green area laid to grass in the centre of the hamlet and at a road junction. The site includes a bench, noticeboard, post-box, car parking spaces, overhead cables, and one lime tree. Although the site is somewhat picturesque, the site is not considered to be demonstrably special with regard to the NPPF tests / criteria and, therefore, is not appropriate for designation.
SEAFORD, EAST SUSSEX													
LGS17-075	The Village Green, Bishopstone	2017	The green area was considered for local green space designation in the preparation of the Seaford Neighbourhood Development Plan (NDP). Please refer to the Seaford NDP for further information.										
LGS17-076	Tide Mills, Mill Drove	2017	The green area was considered for local green space designation in the preparation of the Seaford Neighbourhood Development Plan (NDP). Please refer to the Seaford NDP for further information.										

LGS nomination reference(s)	Site	Year of evaluation	Close proximity to community	Publicly accessible	Demonstrably special to the community with regard to:					Extensive tract of land?		Designate?	Comments
					Beauty	History	Recreation	Tranquillity	Wildlife	Alone?	In combination with other nominations?		
LGS17-077	High and Over	2017	No	Yes	Yes	No	Yes	Yes	Yes	Yes	No	No	This site is bisected by several Public Rights of Way and offers dramatic long views across the landscape and a recreation resource for walkers and for gliding. However, the site is not in particularly close proximity to the community and is considered to be an extensive tract of land. It is noted that the site is subject to protection through its inclusion within the Seaford to Beachy Head SSSI. Therefore, LGS designation is not considered appropriate for this site.
LGS17-078	Seaford Head Nature Reserve	2017	Yes	Yes	Yes	Yes	Yes	Yes	Yes	Yes	Yes	No	This site is protected within the scope of its Heritage Coast designation, its Local Nature Reserve Status, and its inclusion within the Seaford to Beachy Head SSSI. This, combined with the scale of the nominated site as an extensive tract of land, means that designation is not considered to be appropriate.

LGS nomination reference(s)	Site	Year of evaluation	Close proximity to community	Publicly accessible	Demonstrably special to the community with regard to:					Extensive tract of land?		Designate?	Comments
					Beauty	History	Recreation	Tranquillity	Wildlife	Alone?	In combination with other nominations?		
LGS17-079	Seaford Head Golf Course	2017	Yes	No	No	No	Yes	No	No	Yes	Yes	No	The Seaford Head Golf Course is highly visible by visitors to the Heritage Coast and the site contributes to the openness of the coast at this location. The area is protected within the scope of its Heritage Coast designation. This, combined with the scale of the nominated site, an extensive tract of land in its own right means LGS designation is not considered to be appropriate.
LGS17-080	Seaford Golf Club	2017 2024	Yes	No	No	No	No	No	No	Yes	No	No	The Seaford Golf Club is generally only accessible and viewable by its membership. A bridleway runs through the golf course providing picturesque views and access to the South Downs from North Seaford. This bridleway is already protected under legislation and the site is an extensive tract of land in its own right. As such, the site is not considered to be appropriate for local green space designation.
SELBORNE, HAMPSHIRE													
LGS17-012 (LGS17-050)	Culvercroft (Burlands Field)	2017	Yes	Yes	Yes	No	Yes	Yes	No	No	No	Yes	This site is identified in the Village Design Statement as open space in need of protection. Public access is along the PRow which bisects the site. The site is demonstrably special with regard to beauty, recreation, and tranquillity.

LGS nomination reference(s)	Site	Year of evaluation	Close proximity to community	Publicly accessible	Demonstrably special to the community with regard to:					Extensive tract of land?		Designate?	Comments
					Beauty	History	Recreation	Tranquillity	Wildlife	Alone?	In combination with other nominations?		
LGS17-013 (LGS17-051)	Under the Hill (aka Barn Field)	2017	Yes	No	No	Yes	No	No	No	No	No	No	The site is a private field used for grazing and is part of the wider setting/natural character of Selborne/The Hangers/The Common. The historic significance of this site is already, and most appropriately, afforded protection within the Conservation Area. The site is therefore not considered appropriate for LGS designation.
LGS17-014	The Kings Field (including The Scrubs)	2017	In part	No	No	No	No	In part	No	Yes	No	No	The site is part of the wider setting/natural character of Selborne/The Hangers/The Common. PRoW alongside the site. There are attractive views from the site, but the site itself is not particularly demonstrably special with regard to beauty. The site is an extensive tract of land. Therefore, LGS designation is not considered appropriate.
LGS17-015	The Punfle	2017	Yes	No	No	Yes	No	No	No	No	Yes	No	This site is part of the Wakes' historic Registered Park and Garden, and part of the wider setting/natural character of Selborne/The Hangers/The Common. Current use is private field, glimpses of site can be seen from the footpath in the Hangers and along adjacent footpath. Contributes to sense of openness. The site is not considered to be appropriate for LGS designation.

					Beauty	History	Recreation	Tranquillity	Wildlife	Alone?	In combination with other nominations?		
LGS17-016	The Park or the Great Mead	2017	Yes	Yes	Yes	Yes	Yes	Yes	No	Yes	Yes	No	The site is a historic Registered Park and Garden and part of the setting of the historic Gilbert White house. The site is considered an extensive tract of land and thus not considered appropriate for LGS designation.
LGS17-017 (LGS17-052)	The Ewell	2017	Yes	Yes	No	No	No	No	No	No	Yes	No	A PRoW runs along the south eastern perimeter of the field and the site is in agricultural use. The site contributes to the setting of Selborne Hanger and the village of Selborne, however, the site is not demonstrably special in terms of the NPPF tests in its own right, only when combined with other nominated sites does it function as the green apron. When combined with these other sites, the area nominated becomes an extensive tract of land and is therefore not considered appropriate for LGS designation. The importance of its setting is protected by the nature conservation designations of the Hangers and by the Conservation area. LGS designation is therefore not considered suitable.

LGS nomination reference(s)	Site	Year of evaluation	Close proximity to community	Publicly accessible	Demonstrably special to the community with regard to:					Extensive tract of land?		Designate?	Comments
					Beauty	History	Recreation	Tranquillity	Wildlife	Alone?	In combination with other nominations?		
LGS17-018	Fishers Field	2017	Yes	No	No	No	No	No	No	No	Yes	No	The site is private land, surrounded by a high hedge and is used for pasture grazing and contains a spring of a historic pond originally owned by Selborne Priory (1233-1484). The Ponds are not included in the nomination. Further investigation shows that the site has lost a significant proportion of its historic features and contains a scattering of modern farming equipment which reduces its historic and tranquil qualities. LGS designation is therefore not considered suitable.
LGS17-019	Hill Field	2017	Yes	No	No	No	No	No	No	No	Yes	No	The site is part of the green apron between Selborne Hanger and Selborne village and is bordered by PRoW. The site is currently grazing land for sheep. The site is not demonstrably special, with regard to the NPPF tests, in its own right, only when combined with other nominated sites does it function as the green apron. When combined with these other sites, the area nominated becomes an extensive tract of land and is therefore not considered appropriate for LGS designation.

					Beauty	History	Recreation	Tranquillity	Wildlife	Alone?	In combination with other nominations?		
LGS17-022 (LGS17-052)	Asletts Paddock	2017	Yes	No	No	Yes	No	No	No	No	Yes	No	This site is recognised for its historic character as part of the setting of Selborne. The historic significance of this site is already, and most appropriately, afforded protection within the conservation area. The site is therefore not considered appropriate for designation.
LGS17-024	School Field	2017	Yes	No	No	Yes	Yes	No	No	No	No	No	This nomination is for school playing fields. It is recognised that these playing fields have an important role for the school, however they are afforded protection in other ways and therefore they are not considered appropriate for local green space designation.
LGS17-025	Selborne Recreation Ground	2017	Yes	Yes	No	Yes	Yes	No	No	No	No	Yes	Football and cricket pitches, tennis courts and allotments, children's play area and sports pavilion, plus informal open space. Demonstrably special to the local community for recreation.

LGS nomination reference(s)	Site	Year of evaluation	Close proximity to community	Publicly accessible	Demonstrably special to the community with regard to:					Extensive tract of land?		Designate?	Comments
					Beauty	History	Recreation	Tranquillity	Wildlife	Alone?	In combination with other nominations?		
LGS24-090	Goslings Croft Allotments	2024	Yes	Yes	Yes	No	Yes	Yes	No	No	No	Yes	The site comprises allotments and amenity green space. The site is set back from existing homes and is framed by mature trees. The site exhibits a combination of relative beauty and tranquillity close to built development, whilst providing recreational opportunities in the form of food growing and informal recreation. The site is demonstrably special to the community by virtue of its relative beauty, tranquillity and recreational values.
LGS24-091	Goslings Croft Grass Area	2024	Yes	Yes	No	No	No	No	No	No	No	No	The site constitutes an incidental green area associated with the development of the Goslings Croft Housing Estate, circa 1948. The site is not considered to be demonstrably special with regard to the NPPF tests / criteria and is, therefore, not appropriate for local green space designation.

LGS nomination reference(s)	Site	Year of evaluation	Close proximity to community	Publicly accessible	Demonstrably special to the community with regard to:					Extensive tract of land?		Designate?	Comments
					Beauty	History	Recreation	Tranquillity	Wildlife	Alone?	In combination with other nominations?		
LGS24-103	Church Meadow	2024	Yes	Yes	Yes	Yes	Yes	Yes	Yes	No	No	Yes	The site is referred to on historic mapping as “Churchyard Mead”. It contains undisturbed habitat and a stream and is bisected by public rights of way which provide access to this tranquil space for informal recreation. The site is located within the Selborne Conservation Area and is in the setting of various listed buildings, including St Mary’s Church. The above designations already afford a degree of protection. However, beyond the above, the historic environment record indicates potential for archaeology and the site is illustrated in Gilbert White’s Natural History of Selborne. The latter emphasises the site’s cultural heritage beyond the special architectural and historic interest of the conservation area. Moreover, the site is demonstrably special to the community with regard to its beauty, history, recreation, tranquillity and wildlife values.

LGS nomination reference(s)	Site	Year of evaluation	Close proximity to community	Publicly accessible	Demonstrably special to the community with regard to:					Extensive tract of land?		Designate?	Comments
					Beauty	History	Recreation	Tranquillity	Wildlife	Alone?	In combination with other nominations?		
LGS24-104	Dowlings Little Mead	2024	Yes	No	TBC	Yes	No	No	TBC	No	No	Yes	The site is designated as a local green space. The site is not considered to be demonstrably special in terms of recreation nor tranquillity. It is unclear, and further evidence is required, to assess the site for beauty and wildlife given the changes to the site's character and condition. In terms of historic significance, the site is in the conservation area and the setting of the listed Dowlings, as well as visible in glimpsed views from St Mary's Church. The above affords a degree of protection. However, the site's historic significance goes beyond the special architectural and historic interest of the conservation area. The historic environment record indicates potential for archaeology and the site is illustrated in Gilbert White's Natural History of Selborne suggesting a degree of cultural heritage. Furthermore, the site appears to hold particular local significance and has contributed to village life in a variety of ways over the centuries. [TBC = To be confirmed].

					Beauty	History	Recreation	Tranquillity	Wildlife	Alone?	In combination with other nominations?		
LGS17-104	The Village Field	2017	Yes	No	No	No	No	No	No	No	No	No	The site is located within the conservation area of the settlement of Slindon. The site is recognised for its long views and role as part of the form and character of the conservation area. The site is most appropriately afforded protection by its inclusion within the conservation area and this is not considered appropriate for LGS designation.
LGS24-092	The Village Pond	2024	Yes	Yes	Yes	No	Yes	No	Yes	No	No	Yes	The site was registered as a public green in 1967 and is already afforded protection by its inclusion within the conservation area. The pond was restored by the parish council in 2022 providing improvements in appearance, biodiversity, and recreation. Following restoration, local green space designation would recognise and protect its function to the community as a beauty, recreation and wildlife asset. The site boundary has been expanded to include the whole land parcel, i.e., surrounding green area and path.
STEDHAM, WEST SUSSEX													
LGS17-004	Stedham Sports Ground	2017	The green area was considered for local green space designation in the preparation of the Stedham-with-Iping Neighbourhood Development Plan (NDP). Please refer to the Stedham-with-Iping NDP for further information.

It is popular for walking, including dog walking, with local residents. The site is demonstrably special to the community, particularly with regard to its tranquillity, recreation and local wildlife value.
WEST ASHLING, WEST SUSSEX													
LGS24-101	The Parish Meadow	2024	Yes	No	No	No	No	No	No	No	No	No	The nomination alluded to the site being part of the land of the former village workhouse, however no evidence to support this claim has been submitted. The site is a privately owned field used for paddocks. The site is not considered to be demonstrably special with regard to the NPPF tests / criteria and is, therefore, not appropriate for designation.

LGS nomination reference(s)	Site	Year of evaluation	Close proximity to community	Publicly accessible	Demonstrably special to the community with regard to:					Extensive tract of land?		Designate?	Comments
					Beauty	History	Recreation	Tranquillity	Wildlife	Alone?	In combination with other nominations?		
LGS24-102	The School Dell	2024	Yes	Yes	Yes	No	Yes	Yes	No	No	No	Yes	The site boundary has been amended to remove the woodland covered under Tree Preservation Order (TPO) ref. 96/00532/TPO as this is already afforded protection by virtue of the TPO. The amended site boundary comprises a designated village green, along with an accessible woodland area between the village green and TPO Area. Although the village green is already afforded protection, this is only for part of the site. The accessible woodland area rises above the village green and helps to frame it, whilst setting it back from Mill Lane. The amended site exhibits a combination of relative beauty and tranquillity, as well as opportunities for both formal and informal recreation.
